Eldorado Country Club  
McKinney, TX

## Today's Program

Sponsored by Mark Lowe

Mark Bouma

Technical Oversight Leader  
North Texas Tollway Authority

The Four Way Test  
of the things we think say or do....

1. Is It the Truth
2. Is It Fair to All Concerned
3. Will it Build Goodwill and better Friendships
4. Will it be Beneficial to all Concerned

## **Mark Bouma – North Texas Tollway Authority**

Mark Bouma started with the NTTA in 1998 as the Project Manager overseeing design and construction of the President George Bush Turnpike and Addison Airport Toll Tunnel. In early 1999, he was promoted to Director of Engineering, managing the NTTA's planning, design and construction of numerous toll road and capital improvement

projects, including the President George Bush Turnpike, the Dallas North Tollway Extension in Frisco, the Lewisville Lake Toll Bridge, the Sam Rayburn Tollway (SH 121) and Southwest Parkway in Fort Worth. In late 2007, he became the NTTA's Technical Oversight Leader, providing technical direction and quality assurance over multiple consultant design and construction teams in the NTTA's newly formed Project Delivery Department.

Prior to joining the NTTA, Mark was employed for 12 years by HNTB Corporation. He worked in construction management of the Dallas North Tollway extensions from IH 635 to SH 121, advancing through various roles that culminated with Resident Engineer. His experience includes extensive TxDOT bridge inspections, rehabilitation design for the historic Waco Suspension Bridge, and design of bridges and interchanges.

Mark earned his B.S. and M.E. degrees in Civil Engineering from Texas A&M University in 1983 and 1986, respectively. Mark serves as Chairman of the Engineering and Design Committee for the International Bridge Tunnel & Turnpike Association. He is also very active in the Boy Scouts, serving as Assistant Scoutmaster for a Boy Scout Troop in Frisco, Unit Commissioner over three Cub Scout packs and as a chapter advisor to the Boy Scout Order of the Arrow honor society for the Southern Sky region in Frisco and Allen, Texas.

## **Outbound GSE Team to Depart for India This Month**

Addison Rotarian Mike Pugh and his Group Study Exchange (GSE) Team are departing this month to begin their month long GSE trip to Rotary District 3080 in Northeastern India. The Team leaves on January 28th and will return to the United States on March 2nd.

The Team has been in diligent training sessions ever since being selected on August 16, 2009. This is the second time that the Team Leader, Rotarian Mike Pugh, has led a GSE Team and his experience will be most beneficial as he leads the Team of four Team members on the vocational based exchange from Chandigarh to the Himalayan Mountains and the Tajmahal.

The Team members are Larissa Vogelaar, a Human Resources Professional from Dallas; Lauren Clark, a Local Government Professional working in Addison, from; Sara Skinner, a Banking Marketing Manager from Allen; and Angela Chambers, a Newspaper Editor from Plano. You can follow them on the trip at: <http://neighborsgo.com/blog/india>

## 5 Good Reasons to Attend the Rotary Alumni Celebration

Rotary clubs and districts worldwide are mobilizing resources to deliver urgently needed relief to the millions affected by Haiti's devastating earthquake.

District 7020, which includes Haiti, has flown in 55 planes filled with more than 50,000 pounds of medical equipment and supplies into the cities of Pignon and Port-de-Paix to bypass logistical problems in the hard-hit capital of Port-au-Prince.

The United Nations estimates that more than half of the buildings in the capital have collapsed. About 200,000 people are dead and millions more homeless.

"Rotary had an incredible infrastructure established before the quake, which has made our relief efforts very effective," says Dick McCombe, past district governor and Haiti liaison chair. "We're flying in supplies through backdoor channels and doing things a lot of agencies can't do."

The district's Haiti Task Force, set up two years ago to administer all financial aid to the nation, is working with local clubs to deliver aid to Port-au-Prince and those who have taken refuge in the countryside.

McCombe says Rotary was in a good position to help in Haiti, with 33 projects already underway to provide water, sanitation, medical care, and education.

"We changed from teaching children how to read to saving their lives," says McCombe.

Clubs in the district have raised hundreds of thousands of dollars for short- and long-term recovery.

"Rotarians are incredibly generous and are doing what needs to be done," says McCombe. "We are setting aside some of these contributions for long-term recovery."

Rotarian Claude Surena, head of the Haiti Task Force and president of the Haitian Medical Association, is sheltering more than 100 injured people in his damaged home in Port-au-Prince. His house has become a makeshift hospital and medical distribution center.

Within the next two weeks, McCombe says, a barge will be hired to transport 20 to 30 tons of clothes, blankets, folding beds, and other items to Haiti from Nassau, Bahamas.

### ShelterBox responds

[ShelterBox](#) has already delivered more than 3,300 containers to Haiti, with another 1,000 or more scheduled to be deployed.

"This is the largest, quickest, and most complex deployment in our history," says John Leach, head of operations for ShelterBox. "We organized across four countries to get ShelterBoxes to the people of Haiti quickly."

Each box contains a tent that houses 10 people as well as a stove, blankets, and other essential items.

Doctors have been using supplies from the containers to treat the injured. Hospitals in the capital city are using the tents to provide emergency shelter for postoperative patients.

"There's hundreds of thousands of people that are injured. The walking wounded are everywhere," says Mark Pearson, one of three ShelterBox response team members in Haiti. "People are getting taken to hospital now, eight, nine days later."

The Rotary Foundation has established the [Haiti Earthquake Relief Fund, a donor advised fund primarily](#) for U.S. Rotarians who want to donate toward recovery efforts. The fund has raised more than \$48,000 so far.

A one-time \$5 donation to the Haiti Earthquake Relief Fund can be made by texting [ROTARY to 90999](#).

Around the world, Rotary clubs, districts, and Interact and Rotaract clubs have donated directly to ShelterBox. Other Rotarian relief efforts in Haiti include:

- The Rotary Club of Tocoa, Colón, Honduras, has chartered three flights to send 25,000 to 30,000 pounds of food to Haiti.
- A six-person team from the Rotary clubs of Inwood, Manhattan, and New York is working with Comprehensive and Response Service to establish a staging area in the Dominican Republic for bringing medical supplies into Port-au-Prince.
- Past District Governor Alfonso Leppes launched a campaign asking each of the more than 4,500 Rotarians in Chile to donate \$50 to the Haiti Earthquake Relief Fund.
- Five Rotarian doctors from Venezuela are in Haiti as part of a search-and-rescue team established by their government.

## **Today's Thoughts in Honor of ....**

### **Punch the Clock Day – January 27**

I long to accomplish great and noble tasks, but it is my chief duty to accomplish humble tasks as though they were great and noble. The world is moved along, not only by the mighty shoves of its heroes, but also by the aggregate of the tiny pushes of each honest worker.

- **Helen Keller (1880 - 1968)**

### **National Freedom Day – February 1**

"Liberty has never come from the government. Liberty has always come from the subjects of it. The history of liberty is a history of resistance. The history of liberty is a history of limitations of governmental power, not the increase of it."

- **Nadia Boulanger (1887 – 1979)**

---

A teacher was helping one of her kindergarten students put on his boots? He asked for help and she could see why. With her pulling and him pushing, the boots still didn't want to go on. When the second boot was on, she had worked up a sweat.

She almost whimpered when the little boy said, "Teacher, they're on the wrong feet." She looked and sure enough, they were. It wasn't any easier pulling the boots off than it was putting them on. She managed to keep her cool as together they worked to get the boots back on -- this time on the right feet.

He then announced, "These aren't my boots." She bit her tongue rather than get right in his face and scream, "Why didn't you say so?" like she wanted to.

Once again she struggled to help him pull the ill-fitting boots off. He then said, "They're my brother's boots. My Mom made me wear them." She didn't know if she should laugh or cry. She mustered up the grace and courage she had left to wrestle the boots on his feet again. She said, "Now, where are your mittens?" He said, "I stuffed them in the toes of my boots..." Her trial starts next week.
